

Published Date: January 2025

Technoprint is committed to the sustainability of the environment. It is the policy of Technoprint to conduct all aspects of our procurement activities in accordance with approved, sustainable and acceptable environmental practices, and operate within current legislations.

Technoprint are focused on prioritising the following UN Sustainable Development Goals which are most relevant to us:

In line with these topics, we are committed to reducing our social and environmental impact throughout our supplier base with the following commitments:

- Strive for at least 2 of our suppliers being a woman owned business.
- Assessing our supplier's compliance in the following areas:
 - Human rights including H&S, equality, career management, diversity & inclusion and forced or child labour
 - Environmental practices including energy efficiency, decarbonisation, waste management & chemical management
 - Corruption
 - Responsible information management
- 100% of our key suppliers signing our Supplier Code of Conduct
- 70% of our key suppliers holding environmental certification by 2040
- Training 100% of our buyers in Sustainable procurement
- Paper materials make up most of our supply chain, therefore we commit to 90% of our packaging materials being produced from FSC® certified materials, by 2030
- To encourage our suppliers to reduce their energy consumption and GHG emissions with 70% of our suppliers having a climate plan in place by 2027
- Raising environmental awareness with 80% of our key suppliers by 2026
- Maintaining our assets to ensure efficient performance from them and prolong their life
- Purchases/upgrades relating to assets shall involve a sustainability assessment to determine the sustainable impact of the purchase/change

This policy applies to all Technoprint employees responsible for buying and will be reviewed by Senior management each year. It will be made available for everyone to view, via our company website.

Signed on behalf of Technoprint:

Name: Alan Ryan

Position: Managing Director

Employee commitment

I agree to follow the Technoprint Sustainable procurement policy:
